

A message from Denise:

*If you can "smell the roses", "hear the music", "
"feel the emotion" in my images, I have
succeeded in capturing
the essence of the moment, "Presence".*

*My photography encompasses many genres including,
fine art photography, performing arts, life events,
portraits and photojournalism.*

*If you are interested in a photo shoot of yourself,
your family, or special event, please do not hesitate to
contact me. I will do everything possible to customize an
affordable package. I believe that money should not stand
in the way of professional images of your
life's memorable moments.*
